Kuching, Sarawak

WORK EXPERIENCE

Universiti Malaysia Sarawak May 2023 – December 2024

Graduate Research Assistant | Figma, Unity, Git, IBM SPSS 27, MAXQDA 2022

- Managed financial budget, manpower, communication, and schedules for a mixed-methods research project with the indigenous communities in Sarawak
- Published SCOPUS-indexed, peer-reviewed journal articles and conference proceedings as first author and co-author
- Developed gamified extended reality applications for head-mounted devices and Android (Herbal Heritage) as proofs-of-concept
- Engaged with local indigenous associations and communities for gathering indigenous knowledge content
- Coordinated user testing sessions with local communities from diverse socioeconomic and educational backgrounds

Universiti Malaysia Sarawak December 2022 - Present

Lab Demonstrator | C#, Java, JavaScript, PHP

- Conducted physical and online classes for basic Java programming, full-stack web-based development, and game development
- Prepared and implemented adapted teaching modules for hands-on learning with real-time demonstrations
- Collaborated with course coordinators and co-workers to polish lesson plans according to the students' needs and industry standards
- Monitored, assessed and evaluated students' semester progress, providing feedback to support their growth

Sarawak Skills March 2021 – August 2021

Management Systems Intern | WordPress, CSS, CodeIgniter 4, Bootstrap 5

- Designed website prototypes to provide information for prospective and current students, alumni and faculty members with an improved user interface highlighting campus activities
- Updated existing websites to provide information for prospective and current students, alumni and faculty members
- Provided technical support for using video conference software and related equipment to conduct corporate meetings
- Collaborated on the institution's online application forms using JavaScript, PHP, and Google reCAPTCHA to combat spambots

EDUCATION

Universiti Malaysia Sarawak, Master of Science April 2023 - Present

- Postgraduate research student in Social Informatics
- Research projects: Gamifying Ethnomedicinal Learning: A Case Study on Kenyah and Kayan Traditional Medicine & Herbal Heritage
- Led and served as a committee member for the PG Colloquium 2024 at the Faculty of Computer Science and Information Technology, Universiti Malaysia Sarawak
- Assisted in the faculty's Research Open Day 2023 and 2024 as a facilitator
- Workshopped and illustrated concepts for team entry for ASWARA's 48 Hour Cultural Heritage Jam

Universiti Malaysia Sarawak, Bachelor of Computer Science with Honours October 2018 – July 2022

- CGPA: 3.89, First-class Dean's List
- Undergraduate final year project: Red Flag – a visual novel to guide children on recognising the signs of child sexual abuse
- Illustrated graphical assets, workshopped and debugged Unity2D project (Little Things) for team entry in Biji-biji Initiative Games Bagus 2022
- Published a peer-reviewed, SCOPUS-indexed conference paper as first author
- Coordinated group activities and interior design as event planner

ACHIEVEMENTS

- Gold Award at Borneo InTEX 2025
- Best Concept Art Award at ASWARA 48 Hour Cultural Heritage Jam
- Best Paper at Faculty of Computer Science and Information Technology's PG Colloquium 2026

CERTIFICATIONS

CENTEX

- EON-XR Educator (2024)

RapidMiner

- Applications & Use Cases Professional Certification (2021)
- Data Engineering Professional Certification (2021)
- Machine Learning Professional Certification (2021)

Malaysian Examinations Council

- Malaysian University English Test (Band 5)

KEY SKILLS SUMMARY

- Software: Godot Engine, Unity Engine, Android Studio, Visual Studio Code, IBM SPSS, Tableau, Visual Paradigm
- Programming: C#, C++, GDScript, Java, JavaScript, PHP
- Language: English, Bahasa Malaysia, Bahasa Sarawak, Bidayuh
